Safaa Al Duha For Contracting And Trading Co. LLC.

We introduce ourselves as Safaa Al Duha For Contracting And Trading Co. LLC, we have many locations in Iraq and UAE as well.

Safaa Al Duha For Contracting and Trading Co. LLC (SDCT), established in 1980 with Raysan Raheem's company name and then changed to Safaa Al Duha, is a construction company.

Over the past thirty five years SDCT has emerged as one of the most respected general contracting firms in Basra. Again and again, in the arena of construction, we have proven our ability to take on large, complex projects and complete them on time, on budget, and at the highest levels of quality.

Our services, our company offers everything that any organization or company could need in construction works. We have one target to keep our clients happy with our services. And our diverse services include:

- Engineering
- **Procurement**
- Construction
- Operations and maintenance
- Logistics management and support

Brief history of SDCT, Started in 1980 by Raysan Raheem, Safaa Al Duha (SDCT) Company head office is located in Hamdan, Basra, Iraq.

We began with different name than name we have today, since we began operations, we have contracted for over \$1 billion in construction projects throughout our geographic region. This year we are projected to complete an estimated \$50 million worth of projects. We attribute this success to several factors, but foremost among them is our commitment to the satisfaction of our clients. To produce a quality-crafted facility, we closely manage each project to completion, acting at all times in the best interest of the owner. SDCT believes in delivering unparalleled construction management service tailored to our customer's unique and individual needs.

GM'SMESSAGE

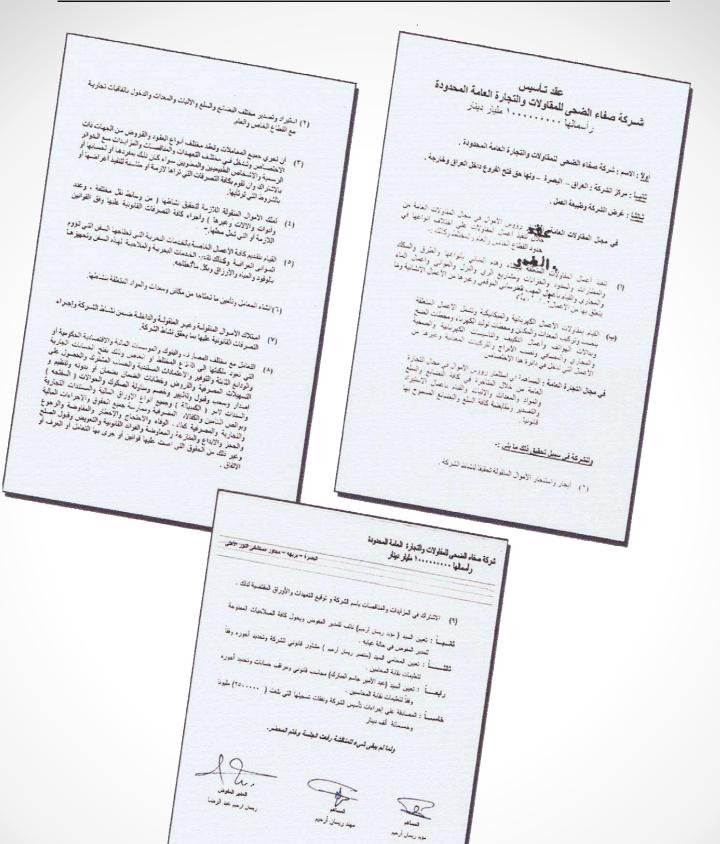

Over the past thirty five years, we have reached to build a reputation for integrity, teamwork and commitment. SDCT approach rests of three fundamentals concept: Safety, Quality and time.

We have combined technological systems, our people skills, and engineering ethics to ensure clients' satisfaction. The fact that most our projects represent repeat business illustrates clients' continuing trust and satisfaction with the rendered quality within time and budget.
